L'alchimia della luce svela le sfaccettature dell'Architettura e la trasmuta in Design. La collezione si ispira all'architettura di Castel del Monte interpretando in chiave contemporanea un pezzo unico e singolare della tradizione architettonica pugliese. La geometria ottagonale, caratteristica peculiare di ogni lampada, riflette e assorbe le variazioni di luce e colore in una stanza: ogni faccia è sempre diversa dall'altra, e ognuna di esse cristallizza i cromatismi cangianti degli ambienti che lo circondano.

*The alchemy of light reveals the facets of Architecture and transposes them into Design. The collection is inspired by the architecture of Castel del Monte, offering a contemporary interpretation of a unique and singular piece of Apulian architectural tradition. The octagonal geometry, which is a particular feature of each lamp, reflects and absorbs the fluctuations of light and colour in a room: every face is always different from the other, and each one crystallizes the iridescent colours of the rooms around it.*

Un gruppo di lunghi ghiaccioli sospesi al tetto di una casa attraversati dalla bassa luce solare che infrange il ghiaccio creando un gioco cristallino di luce. Nobody è un'entità astratta, sostanza senza corpo: una sfera in metallo libera di essere orientata nello spazio. Soltanto un'esile ed eterea struttura la sostiene dal soffitto facendola galleggiare a mezz'aria.

Nobody, "Nessuno", è anche un riferimento omerico, un omaggio all'astuzia di Ulisse che riuscì a sfuggire dalla grotta del gigante con un solo occhio Polifemo dicendo di chiamarsi Nessuno: il diffusore dell'apparecchio infatti può essere inteso come un singolo occhio da direzionare a piacere.

*Nobody is an abstract entity, substance without body: a metal sphere free to move through space. Only a slender and ethereal structure supports it from the ceiling, making it float in mid-air.*

*Nobody is also a Homeric reference, a tribute to the cunning of Ulysses who succeeded in escaping from the cave of the one-eyed giant Polyphemus by telling him his name was Nobody: the diffuser of the light fitting can be intended as a single eye to be positioned as desired.*

## CRYROCK

design by Michele Losito

**Finitura** | oro lucido. Altre finiture su richiesta.

**Colori** | rosaline gleam, trasparente, topazio, viridian. Altri colori su richiesta.

**Particolari** | Cryrock è una collezione brevettata. Il sasso in cristallo è made in Toscana, viene lavorato al fine di eliminare gli spigoli e arrotondarne le forme. Non subisce alcun lavoro di molatura e ciò consente un risultato unico e non riproducibile in serie. La struttura in metallo è realizzata artigianalmente su nostro disegno con saldature in argento. Il filamento Led illumina ed esalta il cristallo. La sospensione S12 è un esempio: è possibile richiedere differenti configurazioni, forme e numero di elementi. Per qualsiasi richiesta o differente versione non esitate a contattarci.

**Finish** | shiny gold. Other finishes on request.

**Color** | rosaline gleam, transparent, topaz, viridian. Other colors on request.

**Details** | Cryrock is a patented collection. Crystal rock made in Tuscany. The rock is worked in order to smooth the edges off and to round its shape. It does not undergo any grinding work and this allows a unique result that can't be reproduced in series. The metal structure is handcrafted on our drawing with silver welds. The Led filament illuminates and highlights the crystal. The suspension S12 is an example: it's possible to request different configurations, shapes and number of elements. Don't hesitate to contact us for any request or different version.
