## CASTELLA

Commanding attention in any space, the impressive scaling of the Castella Collection combines with classic design elements including scrolls, serpentine shapes, rope twist molding, acanthus leaf details and fleur-de-lis accents to create old world charm. Infused with emotion, the collection's exuberant scale and timeless motifs define its casually opulent style.

## SURFRIDER

Melding the salty, yet cozy oasis of the California coastline with a modern surf culture, Surfrider is defined by the use of natural materials including rattan, jute rope, stone, bamboo and driftwood motifs. The combination of modern styling with natural elements takes it beyond just a coastal look.

# Features

## drop-front drawers

This functional keyboard also provides a perfect spot for your laptop computer and desk accessories. If the keyboard drawer is left in the upright position, you can use it as a storage drawer for office essentials.

## grommets

Executive desks feature decorative metal cord grommets on the ends to help you keep cords and cables organized.

## printer pullout trays

Most of our Executive Computer Credenzas feature a door with a shelf and printer storage behind. The printer is placed on a convenient pullout-tray for easy access.

## lighting

Most hutches and computer cabinets feature a task light or other lighting to illuminate the work surface.

## high quality bonded leather

Hooker Furniture uses high quality bonded leather made from a minimum of 60% leather fibers for consistency, durability and environmental friendliness.

## organizing

Many of the top left and right drawers on our Computer Credenza and Executive Desks feature a drop in writing slide and organizing box for pencils, paper clips and more!

## charging stations

Many desks and hutches feature a charging station to give you a central location to charge cell phones, MP3 players and other small portable electronic devices.

## lateral files

Our file drawers take both letter or legal size files with 150 lb maximum capacity. Lateral files feature an anti-tilt mechanism to prevent tip over. Most file drawers feature locks for added security.

## power port

Our executive credenzas and modular credenzas feature a power bar hidden under a lid that pops open on the desk top.

# Quality

## Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability

## Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

## Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
