

PALISADE

HOOKER®
— FURNITURE —

If you embrace modern style but still revere traditional design, and if you seek a contemporary flair but appreciate classic beauty, then the Palisade collection offers you the best of both worlds.

Crafted in highly figured Walnut, and Sycamore Maple in patterned veneers, the Palisade Collection of bedroom, dining room, accents, living room tables and home office blends refined beauty with an eclectic edge. Bring out the eclecticism of Palisade by mixing the walnut and maple finishes in the same room or setting. Adding to the eclectic flavor are a nightstand and accent chest offered in a two-tone walnut and cream finish, and a sophisticated upholstered bed offered in your choice of a taupe or carbon-colored fabric. Transitionally styled with traditional roots, Palisade's exquisite sunburst and fiddle back veneer patterns offer character to sleek and trend-forward silhouettes.

Design Elements

design

Highly figured Walnut and Sycamore Maple in patterned veneers bring exquisite beauty to the refined yet eclectic Palisade. Modern touches like angular lines, upholstered beds and two-tone finishes blend with classic motifs like leaded glass and sunburst and fiddle-back veneer patterns.

Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.
