## THE STORY CONTINUES

Founded in 1977, we pride ourselves on being standout designers and manufacturers of fine decorative lighting.

From our UK-based factories our teams work alongside highly skilled artisans to create timeless lighting collections that are crafted with innovation and flair.

Our Signature Collection concentrates on beautiful products that draw upon eclectic influences and are finished to the highest standards by a wonderful team of craftsmen and women, some of whom have worked for us for over forty years. From handblown glass to reactive ceramic glazes, the nature of the production process ensures each piece remains a one-off, beautiful to the end.

More recently, we have launched a number of collaborative collections, working alongside award-winning product designers from around the world.

## 40 YEARS OF LAMP SHADE DESIGN

Our focus on making lampshades has underpinned our manufacturing heritage for well over forty years; from our very earliest and humble beginnings we have evolved to be one of the largest luxury lampshade producers in Europe. Clients can specify any lampshade to accompany their chosen lamps and are offered the facility to fully customise the final look with a choice of materials and linings and, in addition, the ability to supply their own fabrics for a completely personalised design.

## RESIDENTIAL INTERIORS

From luxury apartments to inspirational and prestigious interiors around the world, many of our lamps and light fittings are found throughout the finest residential properties. Interior designers are able to utilise the full support of our dedicated service team to ensure their creative vision is fully met. An array of customisable elements such as lampshade fabrics, flex options, exclusive trims, and the ability to supply one's own fabric, enables designers to express and create true individuality within their clients' homes.

## HOSPITALITY INTERIORS

A major focus for Heathfield & Co is our work within the hospitality industry. We work closely with world-renowned interior designers supplying lamps from our Signature Collection as well as manufacturing, developing and delivering stunning bespoke lighting products for an ever wider selection of the best hotels and restaurants around the world.

## BESPOKE

One of our core areas of expertise remains our work with clients to create fully bespoke light fittings. These are featured prominently throughout some of the world's finest interiors, and it is no surprise that these items have all undergone a comprehensive design and development process twinned with a determination that ensures we remain as true as possible to the original vision.

## NEW PRODUCT

2018 - 19

Our latest products encapsulate our core creative ethos to craft distinct pieces with a contemporary yet timeless elegance.

An unwavering energy has been placed on using key raw materials with tireless creativity that clients have come to expect from us. Glass, natural stone, wood and metal are all expertly sculpted, finished and handcrafted to develop and enhance their natural beauty and allure.

As with all our collections, our latest designs celebrate a diversity in variation and finish that is testament to our authentic craftsmanship.

Delicate, muted and neutral colour options are set alongside rich metalwork to create a versatile collection suited to both contemporary and classic interiors.

## L U N A R

Our Lunar range of pendants takes inspiration from the captivating presence of the moon. The Speckle glass finish provides dramatic monochromatic detailing; echoing the moon's unique stippled appearance. The more understated Blanc glass finish offers a special elegance with a subtly varying ivory palette. Each glass sphere is expertly handcrafted, carries its own unique patterning and sits beautifully with rich Antique Brass metalwork. It is available in three suspension lengths for maximum versatility.

For full product specifications see page 170.

*Finish shown: Speckle (multiple pendants)*

## NORA

The Nora pendant's glass form is inherently tied to nature, subtly referencing the organic informality of a cocoon's oval silhouette. This timeless elongated light is also available in Speckle and Blanc glass finish options, with Antique Brass metalwork and three suspension length variants for complete versatility.

For full product specifications see page 170.

Finish shown: Blanc

## HILTON

The Hilton draws upon the aesthetics of the classic glass pendant while reinterpreting it with bold contemporary lines to create a highly versatile form. The glass shade is discreetly and elegantly complete with crackle detailing and provides the perfect pairing with the rich Antique Brass metalwork.

For full product specifications see page 171.

## ORION

The Orion's beautifully curved handcrafted glass shape features highly intricate and jewel-like volcanic frit detailing. This metallic effect is uniquely formed to each piece and is complemented by the extended Antique Brass metalwork, providing a beautiful offset throughout the lamp. Shown here in Suede, the Orion is also available in a rich Steel glass option incorporating muted blue glasswork.

For full product specifications see page 96.

## MINERVA

The Minerva is a true statement piece combining the authentic natural patterning of alabaster with exquisite coloured glass and carefully created Antique Brass metalwork. The alabaster's subtly conical form is intercepted with absolute precision, providing a versatile framing point for the dramatically sculpted glass that is available in Clear, Smoke or Teal colour options.

For full product specifications see page 90.

Finish shown: Smoke

## PEDRA

The Pedra is a compact yet striking lamp – our most compact lamp to date. It is beautifully and expertly crafted by our glassblowers with fluted detailing and matched with intricate metalwork detailing. The design's versatility is further extended with four muted glass colour options. Dusk and Amber finishes are paired with Antique Brass metalwork, while Slate and Moss finishes are presented with Dark Bronze metalwork. The lamp base's stout proportions are effectively contrasted with the elongated lampshade, shown here in a luxurious satin fabric.

For full product specifications see page 89.

Finish shown: Dusk (with Antique Brass)

## RONNI

The unique, natural patterning and stunning detailing of wood is fully preserved across both the Ronni table and floor lamps. The rich, dark walnut wood graining is beautifully enhanced by the depth of the Antique Brass metalwork, itself presented with an intricately ridged finish. The lamp casts a sleek and refined silhouette, incorporating both a classically inspired aesthetic while also carrying an effective contemporary edge. The Ronni table lamp is drawn to a variety of interiors, from vintage, colonial and classic to modern and contemporary, whilst consistently maintaining a sense of exclusivity.

For full product specifications see page 88.

## RONNI FLOOR

The Ronni floor lamp further emphasises the slender form of its matching table lamp. The rich Antique Brass metalwork is afforded striking prominence with extended sections of finely ridged textural detailing. The natural detailing of the walnut graining within the lamp base also emanates a luxurious and sophisticated feel.

For full product specifications see page 138.

Finish shown: Verde

## TIVOLI

From ancient imposing architecture to early 20th century abstract and dynamic sculpture, the Tivoli table lamp draws inspiration from multiple sources. The resulting lamp utilises the finest materials to create an evocative and charming piece that remains effortlessly suited to both traditional and contemporary interiors. The Tivoli is available with either Verde or Ash marble finish options.

For full product specifications see page 88.

*Ives table lamp*

## SIGNATURE COLLECTION HIGHLIGHTS

Our Signature Collection has always been guided by an almost mesmerisingly wide selection of influences and inspirations whilst maintaining a singular, cohesive and identifiable aesthetic.

Our design team work with a comprehensive selection of materials that are used to full effect, including ceramic, glass, natural stone, metal and wood. A variety of finishes, glazes and detailing with many different colour options add to the collection's scope and versatility. Individual variation in finishing continues to mark each piece as being unique, something we celebrate and work hard to maintain.

The following, selected highlights, demonstrate our commitment to unfaltering quality, craftsmanship and creating unique pieces with an immediate and enduring presence.

**A Z A I L A**

The use of alabaster creates an immediately identifiable palette of cloud-like ivory tones. The natural translucency creates an ethereal depth, whilst the subtle, natural sheen offers a luxurious tactile presence in any setting. The Azaila adds to our collection of alabaster table lamps with a cylindrical form, effectively contrasted with Polished Brass detailing.

For full product specifications see page 90.

*Finish shown: Sand*

## DUNE

Sculpted in sympathy with the elements that sand dunes often present, Dune brings with it a timeless sense of drama and allure. The bold, curved landscapes and linear, uniform detailing is carried through into this ceramic piece and the distressed bronze finish creates a unique textural intricacy, while also offering a contemporary, yet versatile metallic finish. The Dune is available in both Sand and Teal colour options.

For full product specifications see page 113.

## CANYON & FUJI

The Canyon (left) and Fuji (right) table lamps are inspired by molten lava from the wild and erupting volcano, naturally shaped and contoured, so that the vivid red and burnt orange colours, formed now of reactive glaze, carry a depth and intensity worthy of their origins.

For full product specifications on both the Canyon and Fuji see page 97.

## AUDREY PENDANT

The Audrey ceiling pendant takes inspiration from the simple elegance of classic pearls. There is a timeless and universal sense of charm that is reinterpreted into a striking, contemporary light fitting. The opal glass hemisphere is suspended by carefully crafted, curved satin brass metalwork.

For full product specifications see page 173.

## ONTA

The Onta table lamp features a bold, symmetrical form, casting an understated yet commanding silhouette. The design is presented in a vivid, cobalt blue palette with an elegant, lustre finish. The unique textural, reactive glaze also creates iridescent detailing, creating a highly original lamp.

For full product specifications see page 111.

## BONAIRE

Inspired by the depth and sculptural allure of vast and dramatic sand dunes, the Bonaire table lamp features delicate ridged detailing with a unique, reactive ceramic glaze. The muted, blushed pink tone provides a calming elegance.

For full product specifications see page 111.

## TORCHERE

The Torchere floor lamp continues to present a timeless and highly versatile design – classic yet sleek and contemporary, it continues to cross design boundaries. Its elegant, conical shape is finished with Antique Brass and Nickel options. The Torchere range also includes table lamp and wall light options.

For full product specifications see page 139.

Finish shown: Antique Brass

## ALMEIDA

The Almeida table lamp features clever textural ceramic detailing with a highly individual oxidised finish. Embossed squares adorn the full height of the body providing characterful intrigue while fine crackle glazing with a vibrant teal finish adds to its presence.

For full product specifications see page 114.

## ANTERO

The Antero glass table lamp features a beautifully moulded form with a concave mid-section. The hand blown glass body features bubble detailing, ensuring each piece remains unique. The range is available in three colours; the elegant and subtle Antique, the warm Amber Smoke, and the vivid and striking Teal. All colour finishes are perfectly complemented by the Antique Brass metalwork.

For full product specifications see page 120.

*Finish shown: Amber Smoke*

**M A X X I**

Inspired by the bold lines of contemporary architecture, the Maxxi ceramic table lamp features elegantly sweeping bands that create a cohesive, subtly curved shape. The lamp is presented in a radiant metallic finish and features Antique Brass metalwork.

For full product specifications see page 110.

## RESIDENTIAL PROJECT HIGHLIGHTS

Our products can be found in the finest residential interiors around the world. From luxury apartments to inspirational and prestigious homes, discover some of the key recent residential projects that proudly feature some of our Signature and Designer lamps.

Medina ceiling pendant in Smoke

## KNIGHTSBRIDGE MEWS HOUSE, LONDON

Designers: [piperhillconstruction.com](http://piperhillconstruction.com)

Based in Knightsbridge, this stunning residential mews property features an array of beautifully finished interiors stretching across four floors. The property also boasts a vast atrium and a bespoke glass lift. We were delighted to work alongside Piperhill and Camhall Design & Consultancy to supply a number of lamps from our Signature Collection. In addition, the design team made use of a number of Medina pendants that were assembled and installed to create an inspiring focal point in the property's atrium.

Piperhill are a privately owned construction company with an impressive portfolio of London projects including 5\* hotel interiors, luxury residential developments and the restorations of Grade I and Grade II listed properties.

Caius Mineral table lamp

## THE CHAPEL, LONDON

Designers: [aji.co.uk](http://aji.co.uk)

Alexander James Interiors recently completed one of their most unique interior projects to date. 'The Chapel', based in North London, is a four-bedroom converted chapel with a truly inspiring sense of scale. Alexander James Interiors were commissioned by The Berkeley Group to furnish and dress the property, creating a dramatic transformation.

A number of Heathfield & Co lighting designs feature throughout The Chapel. The mould-blown and textured Caius Mineral table lamp and ceramic Clothilde Linen table lamp provide elegant additions to bedroom interiors.

Clothilde Linen table lamp

# LONDON PENTHOUSE

Designers: harrodsinteriors.com

This London-based two-bedroom penthouse apartment sits near the Thames with stunning city views and features contemporary design with warming colour palettes and elegant metallic touches.

The Conniston Antique Brass ceiling pendant and wall light both feature prominently. The ceiling pendant features a clean, distinctive metal design with four elegantly 'framed' lampshades. The wall light also boasts a clean, distinctive design with the added versatility in being able to be utilised as either an up-lighter or down-lighter.

## MOSCOW APARTMENTS, RUSSIA

Designers: [porterougeinteriors.com](http://porterougeinteriors.com)

Moscow-based designer Karina Zadvina has created a stunning selection of residential interiors. This latest project combines contemporary themes with rich palettes.

A number of Signature pieces are featured within this property including the Andromeda and Leoni ceiling pendants as well as the striking Hera wall light inspired by geometric mid-century sculptures.

Verdi Ocean table lamp

## LONDON PROPERTY

Designers: [tailored-living.co.uk](https://tailored-living.co.uk)

Gloria Sanchez of Tailored Living Interiors comments, "We love working with Heathfield & Co. The choice of fittings is so wide and varied; there are really some amazing statement pieces in the collection. The quality is really good and we have a great variety of lampshade shapes and colours to choose from to complement our colour schemes. We always find the sales team extremely helpful and friendly".

Tailored Living is a multi award-winning interior design and interior architecture studio creating luxurious and elegant interiors. This project features iconic glass and metal pieces such the Verdi and Constance table lamps.

*Fiametta Smoke Blue table lamp*

## CHESHIRE RESIDENCE

Designers: [elite-designstudio.com](http://elite-designstudio.com)

The Elite Deign Studio team comment, "With all of these lighting designs, we loved the soft gold and antique brass tones. These were specified in the selection process to tie-in perfectly with each project's schemes. Additionally, the scale of these pieces were perfect for creating bold statements, complemented with bespoke lampshade finishes. Our clients also loved being so involved, including choosing the final colour tone of each lampshade".

Based in Wilmslow, Cheshire, Elite Design Studio is led by a team of designers who have worked on a number of award-winning designs and projects internationally.

# HOSPITALITY PROJECT HIGHLIGHTS

We continue to work closely with renowned interior designers to manufacture, develop and deliver stunning bespoke lighting products for a selection of the world's finest hotels and restaurants. Discover the latest and most prestigious projects to have featured these inspiring bespoke pieces.

# DEVONSHIRE CLUB, LONDON

Designers: marchandwhite.com

The Devonshire Club was conceived and developed by SUSD London who worked alongside March & White in the creation of the venue's interiors. Dramatic, angular table lamps illuminate the intimate booths of the Club's 'Number Five' restaurant, while striking floor lamps adorn the Champagne Bar. Each piece was developed and engineered by the Heathfield & Co design team while our technical and project team took each design on a journey of continuous refinement, providing the flexibility required to deliver the project's unique requirements.

## PRINCIPAL EDINBURGH GEORGE STREET

Designers: [goddardlittlefair.com](http://goddardlittlefair.com)

The Principal Edinburgh George Street has undergone a comprehensive multi-million pound renovation, beautifully remodelled by Goddard Littlefair.

We worked alongside the designers to create a series of bespoke light fittings, including the dramatic glass crystal ceiling pendants shown here in the hotel's 'Printing Press Bar & Kitchen'.

Developed from a fully bespoke design concept, the double-tier crystal ceiling pendant features an expertly crafted metal frame presented in a dark bronze finish. The adorning faceted clear crystals create a dramatic focal point. The number of crystals were increased during the design process to almost 300 per pendant, improving the visual density and further enhancing the design's aesthetic impact.

# WENTBRIDGE HOUSE HOTEL

Set amongst twenty acres of gardens and grounds within West Yorkshire's beautiful Went Valley, the Wentbridge House Hotel is a multi award-winning venue.

The hotel features over forty individually designed bedrooms, many of which feature lamps from our Signature Collection. The luxurious 'Coach House' guest rooms feature the Bubble table lamp, while the hotel also features the Lexington ceiling pendant, the Alette wall light and the Verdi table lamp.

Verdi Indigo Blue table lamps

Bubble Smoke table lamp

## LONDON MARRIOTT HOTEL COUNTY HALL

Designers: [rpwdesign.co.uk](http://rpwdesign.co.uk)

The historic London Marriott Hotel County Hall is situated adjacent to the very heart of Westminster. Working alongside interior designers, RPW Design, we supplied a number of bespoke lighting pieces including metal floor lamps, wall lights and ceramic table lamps. Heathfield & Co and RPW Design have previously worked together on a number of other projects including the Hilton Continental, Oslo and Hyatt Capital Gate, Abu Dhabi.

## PRINCIPAL YORK

Designers: [goddardlittlefair.com](http://goddardlittlefair.com)

Originally opening as 'The Station Hotel', The Principal York has a rich history dating back to 1878.

The venue features a range of bespoke lighting designed and developed by Heathfield & Co including table, wall and floor lamps throughout guest rooms and suites, meeting rooms, bars and other interiors. A series of dramatic ceiling pendants illuminate the pathway to the hotel's decadent 'Lobby Lounge'. The pendants incorporate absolute precision in both craftsmanship and design utilising elegantly curved glass and rich metal detailing.

Medina pendants

Medina Antique Brass wall lights

## HOTEL GRAVINA 51, SEVILLE, SPAIN

Designers: Uriben Hotel Services S.L.

Hotel Gravina 51 has undergone an extensive renovation and the hotel's stunning architecture is now complemented by refined interior design schemes with elegant and calming colour palettes. We were delighted to supply a number of pieces from our Signature Collection to feature throughout the hotel including table lamps, floor lamps, wall lights and ceiling pendants. The hotel now includes the Medina lamps, featured as both wall lights and as a vast, cascading series of spiralling ceiling pendants forming a truly standout lighting installation for all to see. Rich and warm tones from Antique Brass metalwork and smoke glass are also presented in the deco inspired Yves table lamp and wall light, in addition to Lexington ceiling pendants and Alette wall lights.

# GLENEAGLES, SCOTLAND

Designers: davidcollins.com

Dating back to 1924 and situated within an 850 acre estate, the historic Gleneagles is a world renowned five-star venue. The hotel's luxurious new look was revealed last year after an extensive refurbishment by renowned interior design specialists David Collins Studio.

We were delighted to work with the team at David Collins Studio to design, develop and manufacture a number of bespoke light fittings featured through the hotel including those sited in the elegant Glendevon and Sovereign guest rooms and Estate suites, amongst others.

# PRODUCT SPECIFICATIONS

We continue to be guided by our founding philosophy to produce timeless pieces that have a distinct and recognisable aesthetic with a contemporary yet timeless elegance. Our full product collections are inspired by a wide range of influences and are always crafted with innovation at the forefront of our thinking.

Each piece from our Signature and Designer collections is specified including comprehensive details on finishes, featured lampshades, flex, switching, plug, weights and lamping.

All of our products carry a 12 month warranty. We also recommend that each piece should be cleaned regularly with a soft dry duster. Abrasive or chemical cleaners are likely to harm the finish and should not be used. We also recommend that lampshades are only dusted with clean, dry cloths. Please note, lamp bulbs are not included.

*Babylon Ivory table lamp*

## TABLE LAMPS

Our Signature range of table lamps utilises a diverse selection of raw materials crafted with both innovation and traditional expertise. Alabaster, ceramic, glass, metal and wooden forms create a harmonious yet eclectically inspired range while our Signature Collection also celebrates the variation in finish and detailing that is testament to inspired and authentic craftsmanship.

## BRENDAN WONG

Award-winning interior and product designer, Brendan Wong, has twenty years of industry experience, working throughout Australasia and Europe with recent projects in London and Paris. This collaborative range harnesses Brendan's unique contemporary approach with our extensive network of skilled craftsmen and women. Brendan comments "The collection draws influence from jewellery, featuring faceted and laid forms with details reminiscent of ring settings and fine jewellery boxes. Exploration of forms in ceramic, glorious handblown glass and custom laid timber creates a diversity of materials, accented by the warmth of brassy golds".

# HUNTINGDON

## METAL FINISHES

We are pleased to offer a wide variety of metal finish options to complement both traditional and contemporary interiors. These finishes can be specified across our comprehensive lighting collections, and are also available for fully bespoke pieces designed and developed from our clients' own briefs. Metal finishes available include patinated detailing, painted and intricate leaf options, all in a selection of tones ranging from rich and luxurious golds, through to contemporary chromes and monochromatic matt finishes.

## BESPOKE FLEX OPTIONS

Bespoke design and unique detailing remain central to our creative ethos. From the individual detailing majestically formed on our reactive ceramic glazes through to the handcrafted bubble formations in our blown glass pieces, we celebrate each uniquely formed detail that gives each piece its identity. We also continue to provide designers with numerous bespoke specification options to create truly one of a kind pieces.

Our wide range of lampshade fabric and lining options is now also joined by a variety of flex options, enabling designers to fully realise their creative visions through unprecedented customisability. This beautiful selection of twisted cables, available in a palette of seventeen colour options, can be specified for many lamps and pendants across our collections.

From our clean and crisp Pearl cable finish to the elegant Ivory, delicately blushed Mink and timeless Black, a series of neutral and understated colour options provide complete versatility. Cable finishes such as Antique Gold and Old Silver echo metallic influences, providing the perfect accompaniment to many of our handcrafted and meticulously finished metal and ceramic lamps. Our twisted cable selection also offers several vibrant and vivid options. Tangerine, Violet and Crimson provide bold injections of colour, working sympathetically and in contrast for a variety of key design schemes. In addition to this broad colour palette, we are also able to offer a number of PVC cable options, ensuring complete compatibility with each project's unique requirements.

# LAMP SHADES

Our latest collection of lampshade designs draws upon almost half a century of expertise and craftsmanship. Each lampshade offers an exquisite harmony of sculptural lines and striking dimensions whilst consistently maintaining a focus on functionality and versatility to support the realisation of your creative vision.

CHOOSING SIZE & SHAPE

All of our lampshade and pendant shade designs are available in a range of sizes, ensuring an unrivalled level of versatility to perfectly complement any interior scheme. From understated, medium sized table lamps, through to large statement pieces and inspiring ceiling pendants, our complete lighting range can always be paired with the ideal shade design. All of our lampshades are supplied as standard with E27 fixing. Other fixing options are available. Please enquire with our sales team for further information.

FABRIC, LINING & TRIM

Our own swatch cards present a wide selection of the finest fabrics and materials, with a number of new and exclusive additions. Our silk, satin, linen and cotton collections offer a cohesive and elegant palette punctuated with radiant highlight tones. Our exclusive fabric range features a stunning range of distressed velvets, metallic linens as well as Sheer fabrics in Linear, Spark and Brush options.

DIFFUSERS & ELECTRICS

All pendant shades are supplied as standard complete with electrics and bulb diffusers, unless otherwise stated. A selection of our standard lampshades can also be supplied with acrylic or fabric bulb diffusers. Electrics can be supplied including various ceiling roses and a variety of coloured twisted flex options. Please enquire with our sales team for further information.

CUSTOMERS OWN MATERIAL

Bespoke production lies at the core of our design ethos. We welcome designers to specify their own fabrics to be incorporated as either shade fabrics or linings. Customers wishing to supply their own fabrics must send a swatch of their chosen fabric to us for suitability approval. We cannot accept any responsibility for lost or damaged fabrics. Please enquire with our sales team for further information.

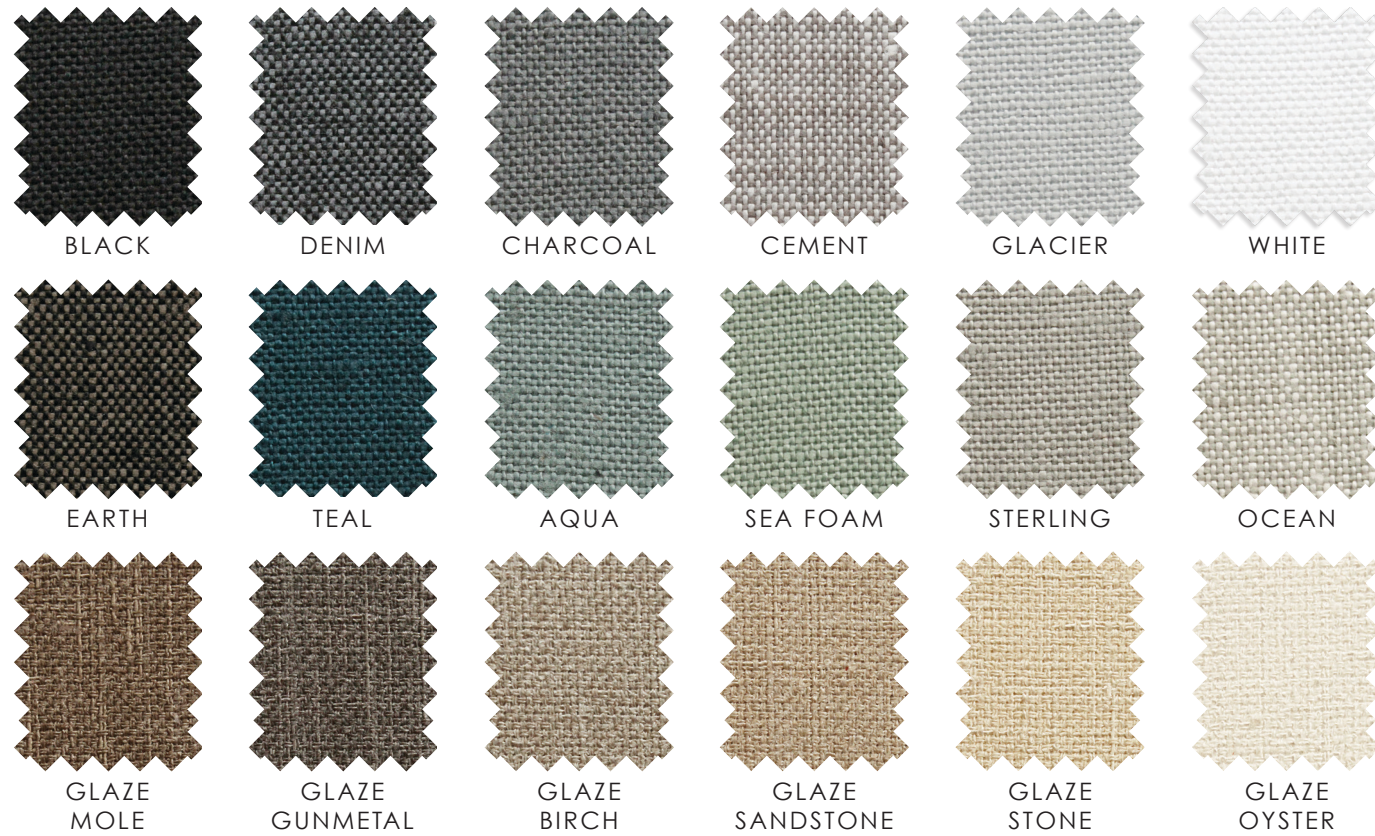

# LAMP SHADE FABRICS

Our latest selection of lampshade fabric options features the finest materials and fabrics including dupion silks, opulent satins, versatile linens and cottons, as well as a comprehensive range of lining and trim options.

Our Exclusive fabric range presents an enticing selection of new lampshade materials. A striking palette of eight distressed velvets sit alongside lustrously finished metallic linens. Our Sheer fabrics provide a unique tactility with a dramatic, ethereal translucency, and our Brush fabrics also provide a unique addition, featuring elegant bands of exquisite metallic detailing.

## LINEN

## COTTON

## LINEN & COTTON

Linen offers a unique touch and inimitable appeal. We feature a delicate, organic Linen palette punctuated with rich teals and deep ebony hues. A number of Glazed Linen options are also presented, adding a subtle, elegant sheen. Cotton also remains a cornerstone fabric to our range of materials and offers a cohesive collection of both neutral and vivid, warming tones.

## SATIN

Sourced from a notable French fabric house, our Satin collection evokes an immediate sense of opulence with an enticing lustrous finish. The presented palette features a range of sophisticated, muted tones with bursts of rich, dramatic colour creating a varied yet cohesive collection.

## SILK

With a timeless allure and a beauty inherently tied to nature, silk continues to be an enduring selection for the finest interiors. Our selection of dupion silks provides an unrivalled quality, juxtaposing versatile neutral hues with vibrant and radiant tones. The crafted nature of the material will intersperse slubs into the weave, providing a unique, organic finish and feel to each lampshade.

## EXCLUSIVE

Our Exclusive range will always feature an enticing selection of new lampshade materials. Distressed velvets sit alongside lustrous metallic linens. Our Sheer fabrics (recommended with Clear Frosted PVC linings), provide a unique tactility with a dramatic, ethereal translucency. Our Brush fabrics also provide a unique addition, featuring elegant bands of exquisite metallic detailing.

## LINING & TRIM

To complement our full range of fabrics, lampshades are supplied as standard with a crisp White PVC lining. Premium PVC options are also available, including Champagne, Prosecco, Silver, Gold and Copper. Clear and Frosted PVC can also be requested, alongside fabric linings from our standard fabric range. We are also now pleased to offer a range of trims including standard double-faced satin ribbon and exclusive decorative braidings. Trim will be positioned at the top and bottom of the shades.
